PETITION

Stop Sexual Indoctrination of Children – September 2006

To the Honourable House of Commons in Parliament Assembled

We the undersigned citizens of Canada draw the attention of the House of Commons to the following:

WHEREAS Industry Canada has provided funding for the production of a booklet (Little Black Book) that contains pornographically explicit material; and
WHEREAS said booklet indoctrinates and solicits children to same-sex relationships and may contain incomplete and inaccurate information.
Furthermore this booklet is being used or considered to be used in provincial education as a handout to each student

AND WHEREAS the majority of citizens hold the position that the Government of Canada should take steps to stop the sexual indoctrination of children.

Therefore we, the undersigned, petition Parliament to use all possible legislative and administrative measures to:

a) Rescind all funding to this project and such other related or similar projects;
b) Remove all reference to endorsement of such materials by Industry Canada or other departments;
c) Review the impact of the Bill C38 marriage law and its complicit tie to such promotion of same-sex material, (full review and debate on C38 in the House);
d) Take all necessary steps to ensure accountability of tax dollar expenditures on every project in every department.
